Immediate family members may use Roadside Assistance if they are driving the covered vehicle. Coverage is strictly limited to the specific vehicle identified on the original invoice. You must provide your original service invoice to be eligible for roadside services up to a maximum of 2 occurrences at \$75.00 per occurrence.

**How to use:** Reimbursement only – customer must pay at time of service. Service secured through any other service provider is not eligible for reimbursement under the plan. Service is available in the U.S. and Canada.

**Exclusions:** This benefit applies only to motorized passenger vehicles (automobiles and light trucks) and specifically excludes trailers, vehicles with a manufacturer's load rating capacity greater than one ton (e.g., Ford F350), motorcycles, recreational vehicles and commercial vehicles. Any vehicle used for farm, ranch, agriculture, or off-road use are excluded.

**To file a reimbursement claim,** you must submit the following information within sixty (60) days of the date of service:

1. A photocopy of the original invoice identifying the participating repair center and the services performed. The invoice must identify the year, make and model of your vehicle.
2. Your complete name, address, and telephone number.
3. A photocopy of the paid invoice for roadside service from a valid auto service provider. This paid invoice must detail the name address, and telephone number of the service provider. It must also identify the specific vehicle receiving the service.
